

Chelmsford Amateur Operatic and Dramatic Society

HEALTH & SAFETY POLICY

CAODS Executive Committee

GENERAL STATEMENT OF INTENT

The society believes that excellence in the management of health and safety is an essential element within its theatrical productions – a good health and safety record goes hand in hand with excellence in performance.

People are the most important asset to this society, and therefore we are totally committed to ensuring their health, safety, and welfare always.

From an economic point of view, the society believes that prevention is not only better, but cheaper than cure. There is no necessary conflict between humanitarian and artistic considerations. Profits and safety are not in competition. On the contrary, safety is good business.

From a legal perspective, the society is committed to ensuring that it complies with all relevant health and safety legislation. Where it is reasonably practicable to do so, the society will strive to go beyond the requirements of legislation.

The society is committed to on-going monitoring and review processes, so that continual improvement in the management of health and safety can be achieved. Our general intentions are:-

- To provide adequate control of the Health and Safety risks arising from our theatrical, production and artistic activities.
- To consult with our voluntary society members on matters affecting their Health & Safety.
- To provide and maintain safe systems of work and equipment.
- To ensure safe handling and use of hazardous substances.
- To provide information, instruction and supervision for all society members, sub-contractors, and general theatre staff.
- To ensure all society members, sub-contractors, and general theatre staff are competent to do their tasks, and to give them adequate training.
- To prevent accidents.
- To maintain safe and healthy working conditions.
- To provide a safe environment for audience members and visitors that attend our productions; and
- To review and revise this policy at regular intervals.

DUTIES OF SOCIETY MEMBERS

All society members are required to:

- Co-operate with the Society Trustees / Committee on health and safety matters.
- Not interfere with anything provided to safeguard their health and safety.
- Take reasonable care of the health and safety of themselves and others; and
- Report all health and safety concerns to the Stage Manager/Society Trustees.

Non-compliance with health and safety rules and procedures can result in members being asked to appear before the committee to explain their actions, and where necessary the committee reserves the right to ask them to leave the society where deemed appropriate.

ARRANGEMENTS FOR IMPLEMENTATION

All society policies and procedures in relation to health and safety are regarded as supplementary to this policy.

○ Risk Assessment

In accordance with our commitment to the safe running of our theatrical, production and artistic activities, the society will carry out risk assessments of all actions or omissions that present a risk to its members or other persons directly or indirectly involved for example audience members and sub-contractors. These risk assessments will be carried out in line with NODA SAFE guidance, and the procedure for doing so is as follows:

1. Identify the significant hazards involved in our activities.
2. Decide who might be harmed and how.
3. Evaluate the level of risk and decide if existing precautions are sufficient, or if more needs to be done.
4. Record the significant findings of the assessment.
5. Review the assessment when things change, or there is reason to believe that it is no longer valid.

- Accidents, First Aid and Work-Related Ill-Health

The depth of an accident investigation will depend on the seriousness of the incident and this in turn will indicate the type of approach to be taken. For minor injuries or incidents such cuts or bruising that do not result in any time lost from the production or a member of the public / student being taken to hospital, a brief description of the incident along with the injured parties' details will need to be entered into the Accident Book. In the case of a more serious injury or incident a more in-depth investigation will be required.

The procedure for such an accident investigation is as follows:

Care for injured person(s) including contacting emergency where necessary

Control hazards/secure accident site, if safe to do so

Notification of the incident to Stage Manager or Committee, who will advise of appropriate action to take.
